GEMENC

in service of nature

The hunting area of Gemenc Forest and Game Co. Ltd. is located in the southern part of Hungary, and extends from Szekszárd to the southern border, along the Danube.

The forestry company operates in Europe's largest contiguous flood-plain forest, in Gemenc, in the Karapanca flood-plain forests on both banks of the Danube, near the border, and in the sand dunes region of the Danube-Tisza Interfluvium, on a total of 46,181 hectares of hunting land.

The quality of the red deer population of Gemenc was marked by the world's first trophy shot in 1986, with a score of 271.00 C.I.C.

The area's wild boar population also allows for the organisation of hunts, where 10 hunters can catch 20–30 wild boars a day.

Individual hunters are just as welcome as groups of 15 hunters.

We welcome and accommodate our hunting guests in hunting lodges of different styles and prices.

Our hunting lodges are also available to our guests in the off-season, allowing you to enjoy an everlasting relaxation.

General Information

- Before the start of hunting and/or the use of the service, a contract must be concluded with Gemenc Forest and Game Co. Ltd., which contains the rights and obligations of the contracting parties and the terms of the agreement.
- Persons contracted for hunting for hire and/or services are entitled to hunt the game and/or use the services specified in the contract at the designated place for the fee specified in this price list.
- The contract concluded is not transferable to a third party.
- Trophy hunting according to this price list is only available to persons with a valid hunting ticket, hunting permit, gun licence, in the case of archery hunting, the required archery hunting certificate and archery hunting ticket.
- When hunting stag and roebuck, the size of the trophy estimated by the professional hunter's guide may differ by $\pm 15\%$ from the trophy size specified in the contract. Within this derogation, the hunting guest must pay the price corresponding to the trophy taken, according to the current price list.
- In a wild boar hunt, the price to be paid is calculated according to the actual tusk length of the hunted game, irrespective of the preliminary estimate of the length of the boar.
- Settlement is based on the shot list signed by both parties after the end of the hunting and/or service. The guest should indicate any objections on the shot list before signing it.
- If the hunting client decides to take a larger trophy game than agreed in the contract while hunting in the area, s/he may do so in writing by filling in and signing a separate form. This form shall be treated as an annex to the shot list.
- The preparation and judging of the trophies of the game shot is carried out obligatorily by Gemenc Forest and Game Co. Ltd. The cost of trophy preparation is included in the prices in this price list.
- The cost of trophy judging will be charged to the hunter who takes the trophy.
- Misses will not be charged.
- For archers, wounding shall count as killing throughout the whole season. Wildboar tusker wounding with bow 800 €.
- Hunting can be started after completing the accident prevention training and signing the form.
- Food and drinks may be brought into the hunting lodges only by special arrangement and against a service charge.
- Any damage caused to the hunting lodge and its equipment must be compensated by the guest.
- When killing protected game or unauthorised game species, the offender must be dealt with in accordance with the applicable legal regulations.
- Prices in this price list can be paid in € or HUF. In the case of payment in HUF, the MNB exchange rate on the last day of the hunt and/or service will be used.
- The prices in this price list include VAT.

Hunting can be ordered and booked by prior arrangement with Gemenc Forest and Game Co. Ltd. in person or by e-mail.

WE RESERVE THE RIGHT TO CHANGE PRICES.
